

## **2003-2004 Midwest Rankings**

The rankings from the 2003-2004 season are based upon points accumulated for competing in quarter-finals, semi-finals, or final matches in the "A" division. We also consider head-to-head competitions, play against common opponents, and strength of tournaments.

To be eligible for an Open division ranking, a player or doubles team must have competed in that event in three Midwest tournaments and be an MBA member.

We cannot consider competition for tournaments that we do not have results from. Tournaments from the 2003-2004 season that used for ranking purposes were: Indiana University Open, Ray Scott Memorial Open, Kent State Open, Kalamazoo Open, Senior Midwest Closed Championships, Kentucky Open, Indiana Open/Region 2 Classic, Midwest Closed Championships. (There were 523 tournament participants throughout the season as compared to 991 of the 2002-2003 season.)

If you would like to appeal the rankings, you must contact Dawn Patel by January 1, 2005. For more information about point standings, results used, or other factors used to determine the rankings, please contact Kristin Artman.
